Germany electric energy storage exhibition

Overview

Energy Storage Germany is Europe's leading exhibition for batteries and energy storage systems, taking place in Munich, Germany, on June 22-23, 2026. What is Energy Storage Germany?

Energy Storage Germany is part of a global series of events dedicated to energy storage. In addition to the German edition, there are further conferences in Europe, North America, and Asia, fostering international knowledge exchange and market development. Messe Stuttgart stands out for its excellent infrastructure and accessibility.

Why should you visit a battery exhibition stand builder in Germany?

Leading battery research institutes and companies will gather in Munich to showcase innovations and discuss the future of energy storage. You would find it much easier if you had a reliable exhibition stand builder in Germany.
