Guoheng energy storage

LPW48V100H
48.0V or 51.2V

Overview

Who is guoheng technology?

We established Chongqing Youhe New Material Co., Ltd. in Chongqing and Ji'an Guoheng Technology Co., Ltd in Jiangxi. Looking ahead, Guoheng Technology will continue to uphold the core values of " Customers first□Embrace change□Honest and humble□Teamwork□Proactive ".

What makes ghtl different from other energy storage companies?

Concurrently, GHTL's energy storage technology has been continuously improved, and its systems have become increasingly mature. Headquartered in Shanghai, China, GHTL boasts a professional R&D team, first-rate energy storage converter and system design and development capabilities, and an advanced project management model.

Why did guoheng Science & Technology and Professor Yang Fan sign a contract?

Recently, two national standards that have attracted a lot o. Guoheng Science and Technology and Professor Yang Fan team officially signed a contract to jointly promote the “four chains” integration to help Dongguan's industrial high-quality development! On December 20, during Dongguan High-level Talent Activity W.

What is a hydrogen energy storage system (Hess)?

Hydrogen energy storage systems (HESS) represent a pivotal technology for large-scale renewable energy integration and grid flexibility enhancement. While promising, their widespread deployment faces challenges in system efficiency optimization, . Submission deadline: 15 January 2026

Guoheng energy storage

GUO HENG TECHNOLOGY

Dongguan Guoheng Plastic Technology Co., Ltd (AKA Guoheng Technology) was established in July 2011, located in Brick Kiln Industrial Zone, Dongcheng District, Dongguan City.

WHES|Battery Energy Storage Systems (BESS)

Our advanced energy storage systems are built to meet the evolving needs of C& I applications. Offering both all-in-one and modular solutions, our systems provide exceptional reliability, efficiency, and performance.

Advanced Energy and Sustainability Research

The as-prepared material displays high energy efficiency and device durability in AEM-WE when coupled with Ni 4 Mo/MoO₂/NF. The experimental results confirm that AEM-WE equipped with platinum-group ...

?????????

GHTL energy storage is dedicated to the convenience, efficient, and stable utilization of energy sources to create a more secure and sustainable energy environment. Since its establishment, GHTL has been connected to the

...

Outdoor Cabinet BESS
 50 kWh/500 kWh Battery Storage System
 Industrial and Commercial Energy Storage

- All in One**
Integrating battery packs
- High-capacity**
50-500kWh
- Degree of Protection**
IP54
- Operating Temperature Range**
-20~60°C (Derating above 50 °C)
- Intelligent Integration**
Integrated photovoltaic storage cabinet
- Rated AC Power**
50-100kW
- Altitude**
3000m (>3000m derating)

Dalian Boosts Green Initiatives with Rooftop PV Panels Installation

In a significant move towards sustainability, Dalian, Liaoning province, is installing photovoltaic (PV) panels on the rooftops of public office buildings. Liaoning Guoheng ...

Guheng Energy 2025 Company Profile: Valuation, Funding

Information on valuation, funding, cap tables, investors, and executives for Guheng Energy. Use the PitchBook Platform to explore the full profile.

Rooftop PV panels to help cut emissions in Dalian

"At present, the two photovoltaic systems at the Communist Party of China Dalian Committee and the city government office buildings are running stably," said Liu Xushuai, a project director from Liaoning ...

A nanofluidic chemoelectrical generator with enhanced energy

A nanofluidic chemoelectrical generator utilizing the Coulomb drag effect is developed to achieve enhanced current density, generating an amplified current of 1.2 mA ...
