How to get discounts on energy storage brands

GEL Battery

Lithium Battery

Container storage system

Power Battery

Overview

How does a Business Energy discount work?

Your business uses lower than 33kWh of electricity (1,000kWh a month). Your business uses lower than 145kWh of gas (4,397kWh a month). The discount should automatically be applied to your bill by your energy supplier after you provide them with a valid VAT certificate. Want to get the best business energy deal?

.

How can I get the energy discount?

The energy discount will be administered through energy suppliers in instalments starting in October. The discount amounts to £66 in October and November and £67 per month from December until March 2023. The way you get it depends on how you pay for your energy.

What is the best incentive for solar storage?

The best incentive for storage is the federal investment tax credit (ITC). The exact same ITC that provides a 30 percent credit on the cost of your solar system provides that same benefit to storage systems under certain conditions.

How do I find a Energy Star product rebate?

Find and compare ENERGY STAR products to see how they stack up. Product Rebate Finder - Enter your zip code to find rebates and other special offers on ENERGY STAR certified products available in your area.

How do I choose an Energy Star product?

To choose an Energy Star product, select a product category from the EPA ENERGY STAR Product Finder. Products that earn the ENERGY STAR label meet strict energy-efficiency specifications, helping you save energy and money

while protecting the environment.
