New energy storage exhibition hall

Overview

What is the SNEC energy storage exhibition & conference?

The SNEC Energy Storage Exhibition and Conference brings together numerous leading companies from around the world, attracting over thousands of domestic and international exhibitors each year. These exhibitors cover every aspect of the energy storage industry chain, including battery technology, smart grids, renewable energy integration, and more.

What are energy storage exhibitors?

These exhibitors cover every aspect of the energy storage industry chain, including battery technology, smart grids, renewable energy integration, and more. This highlights the event's international reach and industry influence, creating an efficient platform for global exchange and collaboration in the energy storage sector.

What is Shanghai International new energy auto technology & supply chain exhibition?

As one of the theme exhibitions (2025 Shanghai International New Energy Auto Technology and Supply Chain Exhibition), it provides a "high-level, high-taste and high-quality" international trade platform for new energy charging and exchange equipment for the majority of Chinese and foreign exhibitors with a new concept.
