## Overview

---

How can Stora support Poland's energy transition?

At Stora Energy, we are proud to directly support Poland's energy transition. By developing grid-scale battery energy storage systems (BESS), we play a crucial role in ensuring a smooth and efficient transition to a more sustainable energy system.

Does Poland have a potential for energy storage?

With the increasing share of renewables in the Polish power system, it is also necessary to escalate the potential for electricity storage. We at BayWa r.e. are globally active in developing and realising wind, solar, as well as energy storage projects.

Who is Bater battery?

Bater Battery is one of the top 10 battery manufacturers in Poland and of their most well-known battery brand. They built manufacturing plants in Gliwice and became battery suppliers for various industries. When their business started, they focused on traction and stationary batteries.
