Shangtai technology energy storage battery

12.8V6Ah

Nominal voltage (V):12.8
 Nominal capacity (ah):6
 Rated energy (WH):76.8
 Maximum charging voltage (V):14.6
 Maximum charging current (a):6
 Floating charge voltage (V):13.6~13.8
 Maximum continuous discharge current (a):10
 Maximum peak discharge current @10 seconds (a):20
 Maximum load power (W):100
 Discharge cut-off voltage (V):10.8
 Charging temperature (°C):0~+50
 Discharge temperature (°C): -20~+60
 Working humidity: <95% R.H (non condensing)
 Number of cycles (25 °C, 0.5c, 100%dod): >2000
 Cell combination mode: 32700-4s1p
 Terminal specification: T2 (6.3mm)
 Protection grade: IP65
 Overall dimension (mm):90*70*107mm
 Reference weight (kg):0.7
 Certification: un38.3/msds

Overview

Will shangtai technology invest in a lithium-ion battery production facility in Malaysia?

On October 14, Shangtai Technology officially announced its plan to invest in the construction of a production facility in Malaysia with an annual capacity of 50,000 tons of lithium-ion battery anode materials. The project will be carried out through a wholly-owned subsidiary established with either the company's own funds or self-raised capital.

Why is shangtai technology investing in Malaysia?

As a leading high-tech enterprise in the field of independent R&D, integrated production, and sales of emerging lithium-ion battery anode materials, Shangtai Technology sees this investment in Malaysia as a strategic move.

Why did shangtai technology invest?

Shangtai Technology emphasized that this investment would enable the company to establish closer technical exchanges and cooperation with international partners, enhancing its technological capabilities and brand image.

What is shangtai doing in 2024?

Shangtai sold 83,800t of anode materials in the first six months of 2024, up by 61pc from 52,200t a year earlier. It is also building an 100,000 t/yr anode material production plant in Wuji county in Shijiazhuang city in north China's Hebei province. The plant is expected to be completed in 2026.

When was shangtaitech founded?

ShangtaiTech was founded in 2008. Where is ShangtaiTech headquartered?

ShangtaiTech is headquartered in Shijiazhuang, China. What is the size of ShangtaiTech?

.

What is shangtaitech's stock price?

As of 27-May-2025, ShangtaiTech's stock price is \$6.54. Its current market cap is \$1.71B with 261M shares. As of 31-Mar-2025, ShangtaiTech has a trailing 12-month revenue of \$832M. This information is available in the PitchBook Platform. To explore ShangtaiTech's full profile, request access.
