# **Solar energy storage advertising light**

## Overview

---

How can solar adtek save energy?

Replacing existing fluorescent tubes with our bespoke LED lighting will provide an energy saving of up to 80%. Solar AdTek's optional mobile communications module allows for Real Time Passenger Information signs, remote system diagnostics, advertisement viewers, traffic counters and environmental sensors.

What is solar adtek?

Solar AdTek's optional mobile communications module allows for Real Time Passenger Information signs, remote system diagnostics, advertisement viewers, traffic counters and environmental sensors. Solar provides power and illumination to sites where grid connection is not accessible or cost prohibitive to install.

Why should you install solar panels?

Solar provides power and illumination to sites where grid connection is not accessible or cost prohibitive to install. Illuminated displays score better in audience measurement and attract a premium.
