# **Western power energy storage technology exhibition time**

## Overview

---

To further promote the green transformation of energy in the western region of China and the high-quality and rapid development of the energy storage industry, the 2024 Western International Energy Storage Industry Expo will be grandly held from December 5th to 7th at the Xi'an International.

To further promote the green transformation of energy in the western region of China and the high-quality and rapid development of the energy storage industry, the 2024 Western International Energy Storage Industry Expo will be grandly held from December 5th to 7th at the Xi'an International.

The 2025 Western International Energy Storage and Battery Technology Expo (hereinafter referred to as the "Western Manufacturing Expo and Eurasian Industry Expo") is a large-scale industrial equipment expo focused on "industrial chain classification display and one-stop centralized procurement".
