## Overview

---

In November 2024, the lithium-ion battery energy storage system quotation and winning bid price hit new lows again. The quotation range of lithium-ion battery energy storage systems was 0.398 - 1.395 yuan/Wh, with an average quotation of 0.56 yuan/Wh, a 16.4% decrease compared to October. The.

In November 2024, the lithium-ion battery energy storage system quotation and winning bid price hit new lows again. The quotation range of lithium-ion battery energy storage systems was 0.398 - 1.395 yuan/Wh, with an average quotation of 0.56 yuan/Wh, a 16.4% decrease compared to October. The.

The procurement exercise has attracted 67 battery energy storage companies but only six have emerged as winners. The average bid stood at CNY 0.473/Wh (\$65/kWh). Public procurements in China continue to demonstrate exceptionally low price levels for lithium-ion phosphate (LFP) battery energy. Which storage units should I consider bidding on?

It can be challenging to determine which storage units are worth bidding on, especially when you can't see inside the unit beforehand. The best units are those that have a lot of visible items. However, these units are also likely to attract numerous bids.

What happens if you are the winning bidder on a storage unit?

If you are the winning bidder on a storage unit, the storage facility will provide you with a window of time for removing your property. Keep in mind that the window is typically very short because the storage facility is eager to begin renting the unit out again for profit.

How much does a 1MWh battery energy storage system cost?

For a 1MWh battery energy storage system, Energetech Solar offers a system with a price of \$438,000 per unit for a 500V - 800V system designed for peak shaving applications. There are also quantity discounts available, with the price dropping to \$434,350 for purchases of 3 - 9 units and to \$431,000 for purchases of 10 or more units.

How much does Energetech solar cost?

The winning bid range was 0.439 - 1.395 yuan/Wh, and the average winning bid price was 0.75 yuan/Wh, an 11.9% increase compared to October. For a 1MWh battery energy storage system, Energetech Solar offers a system with a price of \$438,000 per unit for a 500V - 800V system designed for peak shaving applications.

How much does a Chinese company bid?

The average bid of the first six candidates was 0.4730 yuan/Wh, while the bids of the three alternative companies were somewhat higher and stood at 0.4738 yuan/Wh, 0.486 yuan/Wh and 0.4784 yuan/Wh. The latest results follow in the footsteps of recent procurements which saw similarly low prices.
