Product Model
 HJ-ESS-215A(100KW/215KWh)
 HJ-ESS-115A(50KW 115KWh)

Dimensions
 1600*1280*2200mm
 1600*1200*2000mm

Rated Battery Capacity
 215KWH/115KWH

Battery Cooling Method
 Air Cooled/Liquid Cooled

XPENG

XPENG's proprietary 480 kW high-voltage lightweight and easy-to-use high power charger provides blazing fast charging. With 670A+ flow rate capacity, liquid cooling, IP67 protection, lightweight ultra-thin cable connectors, and ...

Xiaoju Charging Arranges "Preferred Station" ...

Nowadays, the number of new energy vehicles in China has exceeded 10 million, and more and more consumers are choosing to buy electric cars. Recently, Xiaoju Charging, a smart charging operator under ...

With more than 100,000 charging piles in hand, Xiaoju Energy is ...

Among them, the fifth ranked small orange charging is a special existence, because behind it stands Didi. Born out of Didi's former automotive aftermarket layout - Xiaoju ...
