

JH Solar

Xingyuan environmental energy storage business

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg 197mm
/7.7in

Product voltage: 3.2V

internal resistance: within 0.5

Overview

Xinzhi Shuangtan, a subsidiary of Xingyuan Environment, focuses on new energy storage, virtual power plants, and microgrid businesses as its main strategic core, focusing on the research and development and application of photovoltaic storage and charging equipment in the industrial and commercial sectors, deeply cultivating lithium iron phosphate battery energy storage, and continuously promoting the research and development and application of cutting-edge energy storage technologies such as solid-state batteries and sodium-ion batteries.

Xingyuan environmental energy storage business
